

Get paid with zero merchant fees fast and easy.

Say yes to credit cards. Say no to card fees.

Customers want to pay by credit card. However with rising merchant fees and tighter margins, many businesses can't afford to offer that option. But now they have a smarter way, with PlastiQ Accept. Flip the traditional card acceptance model and accept digital payments by card with zero costs for your business.

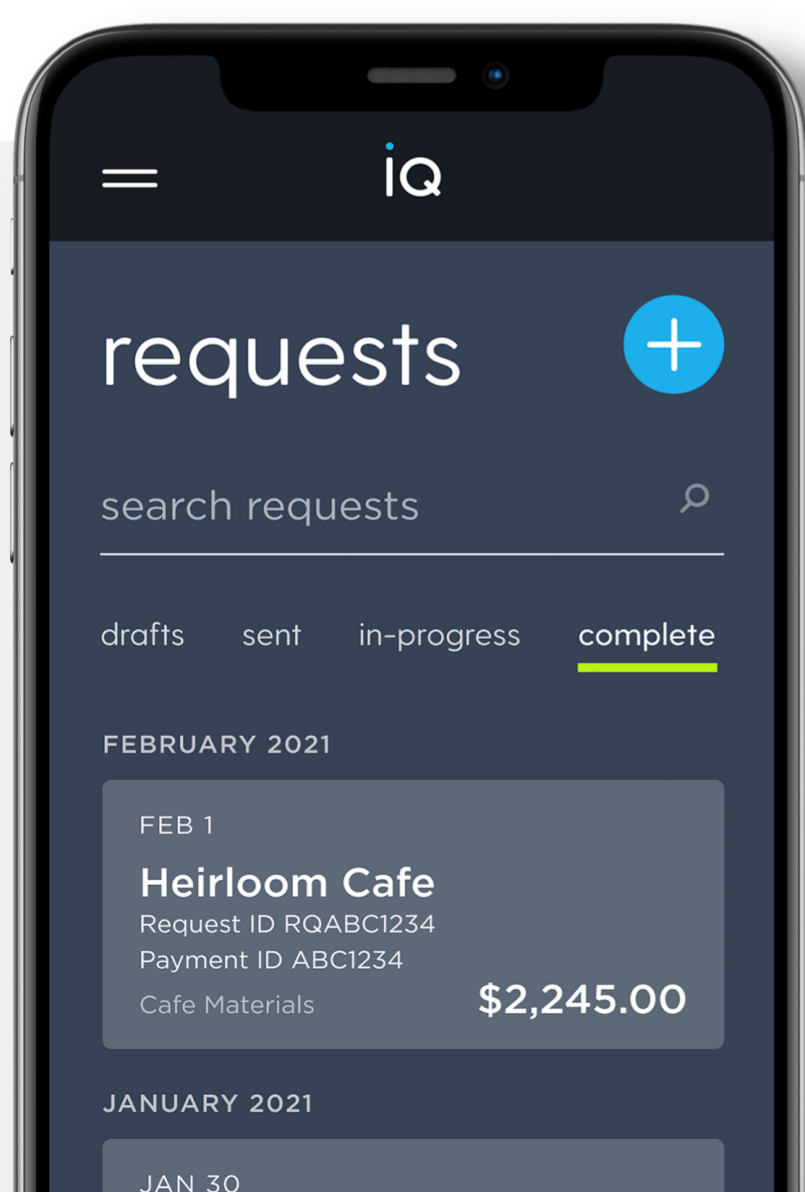

It's the fast, easy and secure option your customers want.

Advance reporting and notifications for easier reconciliation.

Customize payment fields for your unique needs.

Now any business can accept credit cards.

- ✓ Easy to use, with no integration necessary
- ✓ Payments get deposited fast—no waiting for checks to clear
- ✓ Flexible enough to work with your current invoicing methods
- ✓ More payment options mean happier customers and more sales

Getting paid is simple (and fast).
